[www.comet.com.co](http://www.comet.com.co)

Comet is the manufacturer of radiators and heat exchangers in the Colombian market with higher trajectory. In our almost 30 years of experience we have led the market in Colombia in the design and manufacture of panels and radiators for all types of internal combustion. We are the only manufacturer in Colombia that has a laboratory to perform technical tests required by vehicle manufacturers and the sole supplier of replacement of ISO / TS 16949 certification.

**Products:**  
Panels and radiators - Capacitors - Full Modules

TECHNOLOGY - EFFICIENCY - QUALITY

Equipment for handling fruits, vegetables and dairy

We are a manufacturer of industrial machinery for handling and processing of fruits, vegetables and dairy.

28 years experience creating, innovating and improving teams that support companies to improve productivity, quality and efficiency.

Our products are manufactured in stainless steel certified, ensuring the quality and durability of equipment.

We export to Ecuador, Mexico, Salvador, Venezuela, Dominican Republic and Curacao.

Bola de Concentración

Linea de extracción multifruta

**Magic Pen**

When you enable or turn your pencil and place on the prepared text books for that purpose, read them aloud or play music you have on them.

Its status and rating Interactivity within the IC (Information and Communication) places it above all in the area of Lúdica, which allows the child to learn while playing.

By pointing the pen Magic words, sentences, songs or images within the book the corresponding audio is heard, no matter what language the book is written. Very useful in literacy with children's classic tales, Fantasy Collection, you can also use it to learn English using primers "Inglés I Like".

Essences for lady, gentleman, children, environmental and for industrial use

"A well-chosen fragrance can be a distinctive feature. It's the first thing people notice when you walk into a room and the last thing you feel when you leave."  
 (Giorgio Armani)
